President: Brian Phillips
Vice President: Daniel Hinchcliff
Sec / Treasurer: Michael Grier
Brand / Program Mgmt: Amanda Birk

Shickshinny welcomes all to live, work, and play in a safe, vibrant, attractive River Town community and area hub of recreation, culture, business and community activity.

ShickshinnyForward formed in response to the devastating floods of 2011.

Our group has crafted and is executing a long-term recovery plan which embodies the community's vision and mission of revitalization as well as the reduction of overall damage and impact from future flooding.

This volunteer organization is focused on both the recovery of the greater Shickshinny area and the on-going revitalization of the community.

We urge you to get involved and help drive this area's recovery.

We are in the early stages of our development and are building the key pieces of our 501(c)3 while delivering early projects – our downtown cleanup days, emergency contact system (reverse 911), project planning and prioritization.

We give you an opportunity to:

- Lead the recovery and rebirth of Shickshinny
- Work with our government partners, inc the Borough of Shickshinny, Pennsylvania Emergency Management Agency (PEMA), Federal Emergency Management Agency (FEMA) and more
- Work with our education partners and lead our interns
- Work with our regional partners (Valley United, Luzerne County Disaster Coalition, PA Downtown, and more)
- Work with our community partners (Warrior Run Trail, Susquehanna Greenway, and more)
- Work with our business partners
- Build new skills in leadership, project management, emergency prep, collaboration, organization development

SHICKSHINNY, PENNSYLVANIA
LONG-TERM COMMUNITY RECOVERY PLAN
APRIL 2012

We are planning for more community days and delivering on our projects – but **can only achieve this with your help.**
